Career Objective

Full Stack Developer skilled in the MERN stack (MongoDB, Express.js, React.js, Node.js) with additional proficiency in Java. Adept at solving complex problems and delivering clean, efficient code. Committed to creating seamless user experiences and contributing to innovative web solutions as a reliable and impact-driven developer.

Skills

- Languages: C,C++, Java, JavaScript, HTML, CSS, SQL
- Frameworks & Libraries: React.js, Node.js, Express.js, Tailwind CSS
- Databases: MongoDB, SQL
- Tools: Git, Vercel, Postman, VS Code

Internships

Data Valley

May 2024 – June 2024

AICTE-Approved Virtual Internship

- Gained solid understanding of core web technologies including HTML, CSS, JavaScript, and modern frameworks like React.js.
- Built a basic personal portfolio website to showcase web development projects and technical skills.
- Contributed to the design and development of user interfaces for the Paytm payments page and other web platforms.

Council for Skills and Competencies (CSC India)

Dec 2024 – Apr 2025

Virtual Intern – MERN Stack Developer

- Built full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Developed responsive and dynamic frontends using React.js, and scalable backends using Node.js and Express.
- Gained practical experience in authentication, state management, deployment, and remote team collaboration.

Projects

RemoveBG — Full-Stack SaaS Application

- Developed a full-stack SaaS application that automatically removes image backgrounds using the ClipDrop API.
- Integrated Clerk for smooth and secure user authentication, including sign-up, sign-in, and session management.
- Built and deployed the app on Vercel, optimizing it for fast, responsive performance across desktop and mobile platforms.

AppointRx — Healthcare Appointment Platform

- Built a responsive doctor appointment platform using React, Tailwind CSS, and React Router, deployed on Vercel.
- Enabled users to browse doctors by specialization, view profiles, and book consultations with mock data integration.
- Used Node.js and MongoDB to manage doctor profiles and store appointment data on the backend.

Education

B.Tech in Computer Science and Engineering

2021 – 2025

Jawaharlal Nehru Technological University, Vizianagaram, India

CGPA: 8.1

Intermediate

2020

Sri Chaitanya Junior College, Madhurawada, Visakhapatnam
Marks: 945/1000

SSC

2018

ARDAR Public School, Pusapatirega, Vizianagaram
CGPA: 10

Certificates & Courses

- Full-Stack Web Development Certificate – edX
- Intermediate Java Programming Certificate – edX
